

C-10 Premium All Cotton Art Gicleé Canvas

C-10 is a traditional all cotton gicleé canvas that has all of the warmth, character and individuality a canvas constructed entirely of all natural cotton should have. It's premium coated matte-textured surface makes it the optimal choice for a variety of art gicleé applications where texture, feel and body only an all cotton canvas can provide will do. As with any all natural product, the canvas has it's own unique tint and hue, reflective of the area it was grown in, making each gicleé a uniquely individual print. This 19 mil canvas has been optimized for dye based inks. It is perfect for the traditionalist who demands modern technical excellence in concert with the ambiance that can only come from the bounty of nature.
