

MSV – 15 Millennium Scrim Vinyl

Millennium Scrim Vinyl is a premier choice for indoor/outdoor banners, and signage applications. A high quality reinforced block-out vinyl, MSV – 15 has multiple laminated layers for durability, opacity as well as temperature resistance. The inherent durability of the vinyl, combined with the Millennium water resistant coating, provides longevity, resistance to weather and ultraviolet deterioration.

Available Sizes

17" X 50'; 24" X 50'; 36" X 50'; 42" X 50'; 44" X 50';
50" X 50'; 54" X 50'; and 60" X 50' available on a 2" interior diameter (ID) core.

Properties

Coating: Polymeric Non-toxic
Surface: White – Matte
Caliper: 15.5 mil
Whiteness (CIE Ganz 82): 108
Brightness (TAPPI T452): 95
Gloss: 2.6

Ratings

Health: – 0
Reactivity – 0
Flammability – 1 not spontaneously combustible

Environment

Functional temperature range – 50° to 85° Fahrenheit
Functional relative humidity range – 30% to 65%
Ink dry time – varies with type and amount of ink, relative humidity, and temperature.

Inks

Pigment based inks elevate both water and ultraviolet resistance levels. Dye based inks, while maintaining excellent vibrancy, show a slightly lower ultraviolet resistance. Over saturation with dye based inks may result in image degradation.

Applications
